

ISTScholar  
**PHD PROGRAM**

# MATHEMATICS

Fully-funded | English-speaking | Interdisciplinary | State-of-the-art facilities | Apply with BSc or MSc

## GROUP LEADERS & RESEARCH TOPICS

Nick Barton	Mathematical Models of Evolution
Herbert Edelsbrunner	Algorithms, Computational Geometry & Topology
László Erdős	Mathematical Physics, Probability
Julian Fischer	Theory of Partial Differential Equations, Applied & Numerical Analysis
Tamas Hausel	Geometry and its Interfaces
Jan Maas	Stochastic Analysis, Optimal Transport
Robert Seiringer	Quantum Statistical Mechanics, Mathematical Physics
Uli Wagner	Discrete & Computational Geometry & Topology

## STUDENT OPEN DAY:

**25 NOV 2016**

## PHD APPLICATIONS DUE:

**08 JAN 2017**

**PHD.IST.AC.AT**

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 665385.
