

INVESTMENTS IN EDUCATION DEVELOPMENT

## Workshop on Spectral and Oscillation Theory of Differential and Difference Equations

### Monday (March 23, 2015)

**13:00-14:00 Prof. Stephen Clark** (Missouri University of Science and Technology, USA)

*On boundary data maps and some of their applications*

**14:00-14:20 Prof. Roman Šimon Hilscher** (Masaryk University)

*Recessive solutions for discrete symplectic systems*

**14:25-14:45 Prof. Ondřej Došlý** (Masaryk University)

*Discrete trigonometric systems*

**14:50-15:10 Dr. Petr Zemánek** (Masaryk University)

*Self-adjoint extensions for discrete symplectic systems*

**15:10-15:30 Coffee break**

**15:30-17:00 Discussion**

### Tuesday – Friday (March 24-27, 2015)

*Personal consultations or joint discussions*

The workshop was supported by the Program of “Employment of Newly Graduated Doctors of Science for Scientific Excellence” (grant number CZ.1.07/2.3.00/30.0009) co-financed from European Social Fund and the state budget of the Czech Republic.
