

The Department of Mathematics and Statistics at Masaryk University invites applications for several research positions commencing during the academic year 2017/2018 at the date depending on mutual agreement. The positions are initially for one year with a possibility of extension.

The candidates must be recent PhD's in Mathematics, Statistics, or equivalent, and should submit a letter of application accompanied by a CV, list of publications and an outline of their research project to Martin Kolář (mkolar@math.muni.cz) not later than April 20, 2017.

They should also arrange for at least 2 letters of recommendation (one can be from a Czech mathematician) to be mailed directly to mkolar@math.muni.cz before April 20, 2017. The successful applicants will be notified as soon as possible but not later than May 30, 2017.
