

Dear friends of hikes and mathematics,

you are cordially invited to the 44th mathematical hike planned **on Saturday 16th of December. Meet at 9:37 at the "Celní" tram stop**

The hike is about 12 km long, we will go through hills and forests in Brno towards the end of the line of an unspecified tram. We also invite you to our traditional mathematical carol-singing. (lyrics in czech, though)

Looking forward to see you,

Pavel Francírek and Jonatan Kolegar, organizers

If you have questions, send them to francirek@math.muni.cz.
